

The ASK Workshop™

Assessing Suicide in Kids (5-14)

Online Workshop

Wednesday 25th & Thursday 26th June 2025
8:30am - 1.30pm (both days)

The course will be completed entirely online with two live streams for 4.5 hours per day and 1-2 hours of self-paced learning prior to the workshop.

Cost: \$125
(+ Humanitix fees)

Please cancel your registration if you are unable to attend to allow us to fill your place.

About the workshop:

This online workshop is for professionals working with children and young people aged 5-14 years old. The ASK Workshop is completed across two days plus reading completed prior to the live workshop. ASK Online challenges commonly held notions about children's capacity to consider suicide.

Participants learn:

- How to talk about death with children
- How to talk about suicide with children
- Developmentally appropriate strategies and tools to identify young children at risk of suicide
- How to quickly gather and organise details needed to assess risk
- How to explore and consider protective factors to inform safety planning
- To consider common challenges when working with parents and possible solutions

Course structure

Participants learn using case studies, guided simulations, discussion and practice using an assessment tool.

Following the course

Participants will have an increased understanding and alertness to the fact that children can be at risk of suicide. They will know what risk factors to look out for and feel confident approaching the subject of death and suicide with a child. Participants receive a risk assessment tool, a quick reference tool and a certificate.

To register for this workshop, scan the QR Code or visit Humanitix.
